FREEDERT'S SWORD....
HAS A STRANGE LIGHT, WHICH IS CURSED——....

The Second Hand of Time

VOL. 8

The story that is recorded....
is all real....
The Name is
Kyle Andrew!
He's this book ICE AND DARK's author.

He left the town after that, he survived the war,
with his injured body, he experienced all kinds of misfortune,
when completely lost his mind, he left this book behind
and committed suicide!
From another point of view, the role of the guard that Second Hand of Time plays can be seen from his death
To humans, 'time' represents 'life'..... in other words,
The 'time' of the person who made an evil wish,
is probably under the 'control' of Second Hand of Time.

His life is one that doesn't allows death.
With his regret, despair and pain,
and only after he repented by passing on this story to the future generations,
was it able to come to an end.
Kouka
Where has the sword that Eliot held onto gone?
It seems like it has always been in Kyle's possession...
But... was it destroyed in the Cultural Revolution after he died,
or is it still in the black market?
The story itself didn't pass on correctly.
It might be very difficult to find out where the sword is.

How can you say that kind of things now?
.....
Dad... it's time to show the power of the family of the phantom thief!
Go find out the location of the sword!
OKI!
Yes yes yes!
Hey! Towa-chan!
Go look for it! That's your speciality!
GO!
DAISUKE!

It's completely different...
from the story that I know of...
Second Hand of Time...
Although it can't restart my time, it is able to freeze my time.
That's why.... I have always been here...
together with Second Hand of Time...
waiting for that person all this time...

you continue to wait, Eliot has already...
Even if..
but...
Although the shape is not the same...
His soul is still living!
He will definitely find me!

If.... um...
If I can be of any help, but...
If you want my life, I'll be really troubled! Really!
And also.... I promised to meet up with Riku...
Ahh! Of course!
Is 'Riku' your lover?
I can't ask for that.
You are a kind person.
So cute.
Eh?
Ah!
I like you, but I don't mean anything strange!
Uoa! Shes so direct

In another words, you are a straight forward person!
People always say that to me.
まるまる
.....
I hope to use your 'ability'
to prolong this world's 'life span'.
Only a little,
really just a little,
I hope you will help.

My...
Come...
paint!
ability....?

Inside your painting.....
there is power.

Why is it that you..
know things that happened 'after your death'?
The way you speak is like...
How strange!
It's like...
you saw all of it from this place...
I saw everything.

From the moment Second Hand of Time froze my life...
I became one with her...
She saved my life.
Just like DARK and me...
Her appearance changed.
Yes!
She is born in the hands of Hikari,
and she planned to die in their hands too...
And I saved hers from Hikari family.
Kohri?

You want this...
to appear before the world?
Hiwafari!

If you leave this alone, Second Head of Time is going to die, isn't it!
Daisuke Niwa's power is not even enough to act as a painkiller
Master Satoshi?
Shut up!
That feeling...
.....
...what is going on?
You are still concern about that boy,

It's both ludicrous and stupid it's not beautiful at all
In the past, you don't care about anything,
not obstinate and not possessive,
If it's the you in the past, this act is unthinkable of
Shut up!
you would never feel pain because of others...
It's only now...
If touching that feeling hurts you, then don't go and touch it!
I see...

I love you so much...
But you keep looking somewhere else.
that is needed to become you.
this shape of me..
...The one you are looking at is not me!
The one you are looking at is...

Get lost!
I am not you!
I am cursed too...
but... because the artworks are produced, 'curse' arrived.
Ohh..... family...
Most of the artworks are produced by the Hikan family
'Wedge of Time' ...!
DARK will definitely come and steal this.

probably just want to try. .
I....
Second Hand of Time whose lifespan is prolonged because of Nawa's granting is the evidence of
All works are not all filled with evil intent
Looking at Niwa... makes me think that way.

Filled with the existance of plain and pure thoughts
Ehh
Eh?
You want me to....
go and see DARK with you?

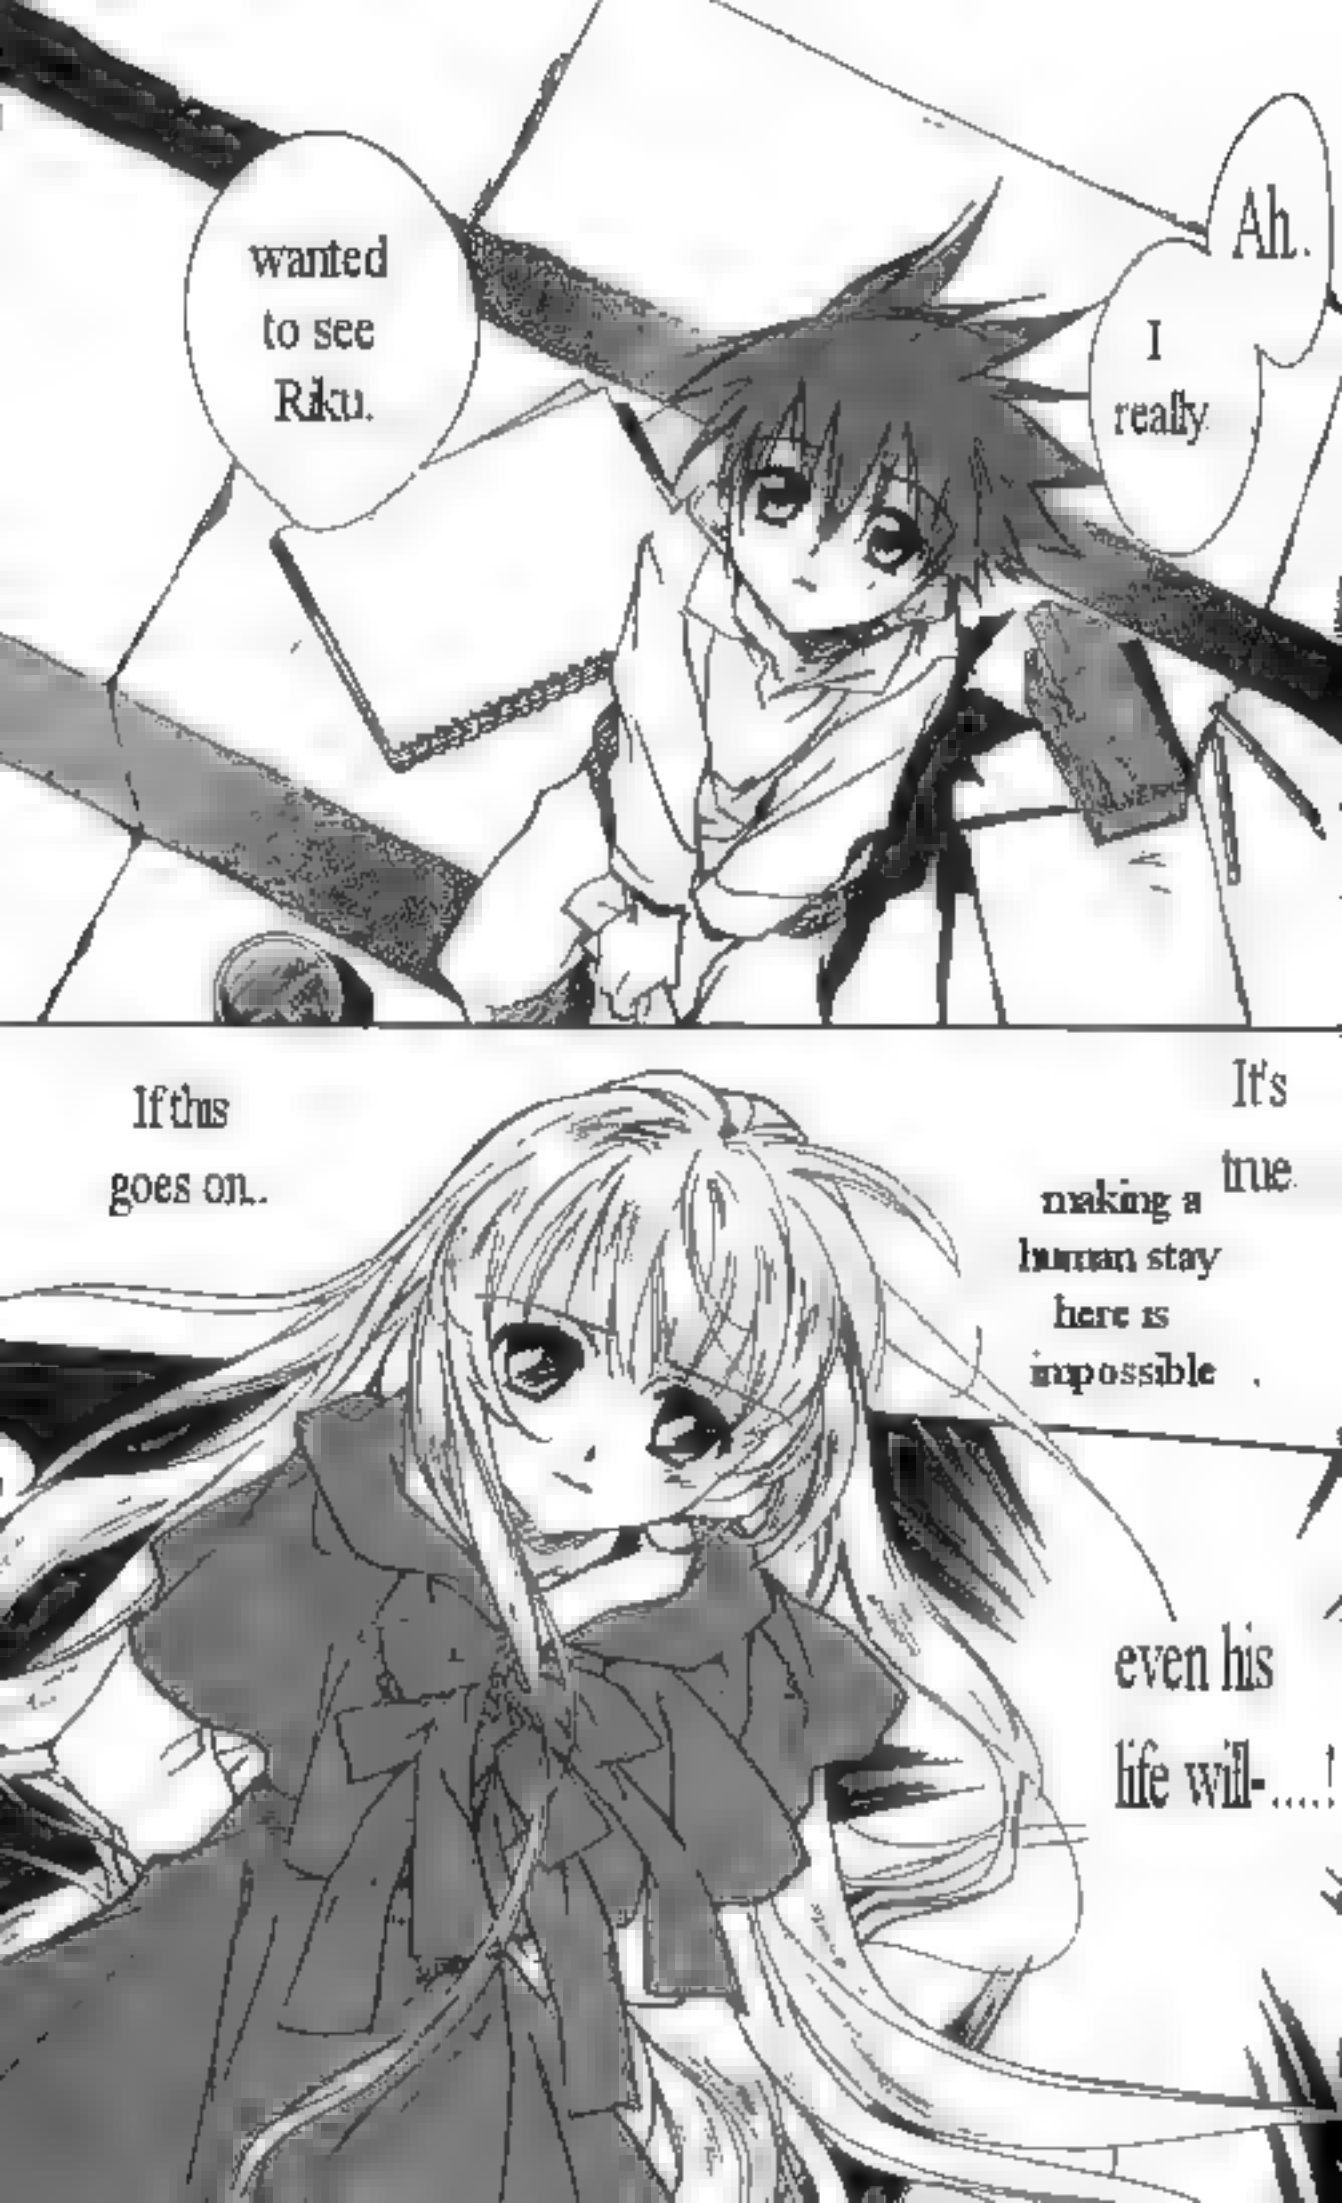
I want to go!
Yes!
You don't seem to dump Nuwa, and ...
Ah- Wait a second
I have not been chasing him for nothing, but ...
Ruo, don't you have a lot of information about this?
change your finger to DARP.
I just want to tell him to return to me what he had stolen!
Of...
How could he steal it just like that!
That was something I wouldn't give away even if he begged me!
Stolen? Nuwa's panting?
Yes!
Of course not!

It has a bit of artistic value!
Ah Sorry
What do you mean by 'something like that'?
Isn't DARK a phantom thief?
Of all the valuable paintings he could've stolen, why steal something like that of Nirwa's
Something like that?
I can help!
Really?
Hmm
I told you, I don't want that guy
cannot come between DARK and me!
But you definitely

Daisuke-?
...
Come have some tea!
It's not good if you are too tired, you need some rest
Yeah! but just a little while more
Ok- it's finished
Yes?
What is it?

You look a bit ill.
Oh?
I'll go get some water, you lie down for a bit
Please! Don't work too hard.
Oh? Is, is it?
Ah-
I'm feeling alright-
Ah-
dropped it everywhere

DARK's scribbles...
Ah.
Did I draw these...
Riku
What is she doing now...
... I have a feeling that I haven't seen her for a long time



Ah.
I really wanted to see Riku.
It's true
making a human stay here is impossible .
If this goes on..
even his life will-.....!

.....
The number of birds has decreased ?
One, two
Oh?
Some-how.
Fall
The birds flying in the sky disappeared!
I'm sure there were a lot flying before!

Damn!
The amount of black parts increased!
Damn I can't get in!"
Is there some kind of spell inside? Or is it rejecting me?
Don't make any unneccessary resistance, let me in!

That sounds so dirty' DARK
Or am I supposed to say'

I know where the sword is'
What you are like not much bett- than me'
